

Faulding® Probiotics IBS Support 30 Capsules

Faulding® Probiotics IBS Support For the symptomatic relief of medically diagnosed Irritable Bowel Syndrome

About this product

Faulding® Probiotics IBS Support may assist in the symptomatic relief and management of medically diagnosed Irritable Bowel Syndrome (IBS). The strain of bacteria used in Faulding® Probiotics IBS Support, *Lactobacillus plantarum*, has been shown to help relieve pain and flatulence associated with medically diagnosed Irritable Bowel Syndrome (IBS). Faulding® Probiotics IBS Support helps in maintaining healthy digestive microflora and supports and maintains the health of the gastrointestinal tract and the immune system. It also helps to maintain and improve general wellbeing.

This dairy free product can also help ease and prevent diarrhoea. Faulding® Probiotics can also balance bacteria levels that can be disrupted through medication. Due to the patented stabilisation technology used, no refrigeration is required for the Faulding® Probiotics making them great for travel, your handbag or to have on your desk at work.

Always read the label. Follow the directions for use. If symptoms persist, talk to your healthcare professional.
